

Discovering the Power of Swaraj 724 with TractorGyan

The [Swaraj 724 FE 4WD](#) is a robust 25-horsepower tractor that stands out for its efficiency, affordability, and orchard-friendly design, as listed on TractorGyan.

Core Features:

Powered by a 2-cylinder diesel engine with 1,823 cc displacement and a rated speed of 1,800 RPM, this model delivers an impressive torque of 114 Nm. It features a water-cooled system, direct fuel injection, and offers 8 forward plus 4 reverse gear options for smooth operations. Braking is enhanced with oil-immersed multi-disc brakes, ensuring durability and safety in all field conditions.

Designed for Orchard & Inter-Cultivation:

With its 4WD axle and narrow rear track width of 1,120 mm, the Swaraj 724 FE 4WD is ideal for farms with tight spacing between trees or rows. It includes live hydraulics, a 3-point linkage compatible with Category I & II implements, and a lifting capacity of 750 kg, making it perfect for inter-cultivation and orchard tasks.

Price & Value via TractorGyan:

As of 2025, the on-road price of this tractor ranges between ₹ 4.75 lakh to ₹ 5.05 lakh, while the ex-showroom price is between ₹ 4.25 lakh to ₹ 4.55 lakh. TractorGyan provides complete assistance with dealer connections, city-wise pricing, and authentic reviews to help farmers make well-informed purchase decisions.

Comfort & Warranty:

The Swaraj 724 FE 4WD is built for operator comfort with power steering, a side-shift gearbox, and a spacious platform for easy handling. It also comes with a **6-year warranty**, making it a reliable and long-term investment for farmers who value performance, strength, and support.

TractorGyan ensures that every farmer gets trusted insights, transparent pricing, and expert guidance when choosing the Swaraj 724.
