

Discover the Power of Eicher 333 Super Plus – A Tractorgyan Insight

[Eicher 333](#) Super Plus 2WD Prima G3 is one of the solid options showcased on **Tractorgyan**, offering robust features for small-to-medium farms.

Why Eicher 333 Stands Out

This tractor delivers 36 HP through a three-cylinder, water-cooled engine with a displacement of 2365 cc. Its lifting capacity is rated at 1650 kg, making it capable of handling many field operations.

The transmission system offers 8 forward + 2 reverse gears, and uses a side-shift partial constant mesh setup. Brakes are multi-disc oil immersed for safer stops, and steering is power-assisted for easier control during long hours.

A generous fuel tank capacity of 57 L enables longer working time without frequent refueling.

Features That Matter for Farmers

- **Durable Build & Stylish Design:** Heavy-duty metal body with modern headlamp and decal styling.
- **Clutch Options:** Offers single / dual clutch choices to suit different implements and traction needs.
- **User Comfort & Efficiency:** Power steering and efficient engine design help improve working comfort and reduce fatigue.

While the exact price details are marked “NA” on Tractorgyan for now, the platform promises to keep the listing up-to-date and helps you locate dealers, check warranty terms, and read owner reviews.
