

# Powertrac 434 Plus Powerhouse: A Strong Choice by TractorGyan

Looking for a reliable tractor? The Powertrac 434 Plus Powerhouse, featured on TractorGyan, stands out as a value-packed option for Indian farmers.

## Key Highlights

- **Power & Engine:** It is a 39-horsepower (HP) tractor running on a 3-cylinder engine with 2340 cc displacement, producing 2000 engine-rated RPM.
- **Transmission & Gears:** Comes with a constant mesh transmission system offering 8 forward and 2 reverse gears. Choice of single- or dual-clutch is available.
- **Hydraulics & Lifting:** Lifting capacity is 1600 kg — useful for heavy-lift tasks around the farm.
- **Steering & Brakes:** Offers power steering (with mechanical drop-arm option) and multi-plate oil-immersed brakes.
- **Fuel Tank & Speed:** A 50-litre fuel tank supports longer working hours; it can achieve up to **36.5 km/h** on road.

## Pricing & Warranty

- Price in India (2025) ranges from ₹ 6.35 lakh to ₹ 6.60 lakh (on-road).
- Comes with a 5-year warranty — giving farmers confidence in its long-term durability.

## Why Choose Powertrac 434?

TractorGyan positions this model as a budget-friendly, feature-rich tractor suitable for small and marginal farmers. Its modest but efficient horsepower, good lifting capacity, and long warranty make it appealing for field work like tilling, puddling, harvesting, and transport.

The [Powertrac 434](#) Plus Powerhouse truly lives up to its name — delivering power, efficiency, and reliability at an affordable price. TractorGyan ensures that farmers get accurate, updated details and comparisons to make the best purchase decision.
