

# Brass Cable Glands by Cabex India: Industrial-Grade Electrical Safety

Superior cable management solutions engineered for critical industrial applications worldwide

CERTIFIED QUALITY

# Why Choose Cabex India for Brass Cable Glands?

## Trusted Manufacturer

Specializing in explosion-proof, industrial cable glands and accessories with decades of engineering expertise

## Harsh Environments

Products engineered for oil & gas, manufacturing, renewable energy, and telecom applications

## Global Standards

Compliant with IEC 62444, BS 6121, ATEX, and IECEx certifications

## Custom Solutions

Tailored engineering to meet precise client specifications worldwide

☆ PREMIUM FEATURES

# Key Features of Cabex India Brass Cable Glands

## Superior Materials

High-grade brass construction with optional nickel or chrome plating for maximum corrosion resistance in demanding environments

## Maximum Protection

IP66, IP67, and IP68 rated for complete dust and water ingress protection in extreme conditions

## Secure Sealing

Single compression sealing system ensures reliable retention of unarmoured and braided cables

## Extreme Durability

IK10 impact resistance with operational temperature range from -60°C to +130°C+

## Anti-Vibration Design

Serrated locknuts and rubber seals provide stable cable fixation even in high-vibration applications

# Comprehensive Product Range & Accessories

## Product Types

### A2 Brass Glands

Designed for unarmoured cables in standard industrial applications

### Hazardous Area Glands

Exd and Exe types certified for explosive atmospheres

### Essential Accessories

PVC shrouds, locknuts, earth tags, sealing washers, conduit fittings

### Thread Options

Metric, NPT, PG, BSP for versatile installation compatibility

## Key Applications

- Power generation plants and electrical substations
- Offshore oil rigs and marine installations
- Industrial control panels and switchgear
- Automation systems and process control equipment

# Cabex India: Global Reach & Commitment to Quality

## Global Presence

Serving Europe, UK, Australia, Middle East, and Far East with competitive bulk pricing and reliable logistics

## Our Vision

Leading provider of reliable, safe, and durable cable glands and earthing accessories worldwide

## Customer Promise

Dedicated to innovation, exceptional customer support, and guaranteed on-time delivery

Secure your electrical connections with Cabex India's trusted brass cable glands — where industrial-grade quality meets global reliability
