

Cable Accessories India: Trusted Quality by CabexIndia

Your premier partner for industrial-grade cable management solutions, delivering safety and reliability across global markets.

CabexIndia: Setting Standards in Cable Accessories

As an established manufacturer of industrial and hazardous area cable accessories, CabexIndia combines innovation with reliability. Our comprehensive product range includes cable glands, earthing systems, and lightning protection accessories engineered for maximum safety and durability.

Every product is designed to meet rigorous global standards including IECEx, ATEX, and UL certifications, ensuring compliance and peace of mind for demanding applications.

Diverse Industries

Industrial, commercial, automation, construction, and heavy machinery sectors

Global Standards

IECEx, ATEX, UL certified products for worldwide compliance

Comprehensive Cable Management Systems

Cable Glands & Accessories

Complete range of locknuts, sealing rings, adaptors, and reducers engineered for secure, waterproof cable entry. IP68 rated protection ensures reliable performance in demanding environments.

Conduit Fittings

PVC, MS, and GI conduit systems with precision bends, offsets, junction boxes, fan boxes, and clamps. Designed for organized, professional cable routing and long-term reliability.

Cable Entry Systems

Streamline cable routing into enclosures while providing robust protection against dust, moisture, and mechanical damage. Engineered for efficiency and durability.

Engineered for Hazardous Environments

Explosion-Proof Solutions

Certified brass cable glands designed specifically for hazardous area applications. Our products meet stringent safety requirements for explosive atmospheres, protecting both personnel and equipment.

Heavy-Duty Performance

Industrial-grade connectors and gland accessories built to withstand harsh conditions on construction sites and heavy machinery. Designed for extreme temperatures, vibration, and mechanical stress.

Custom Engineering

Specialized thread conversions and tailor-made solutions to meet unique project requirements. Our technical team works closely with clients to deliver perfect-fit cable management systems.

Worldwide Reach, Local Commitment

Our Global Footprint

CabexIndia proudly exports premium cable accessories to markets across Europe, UK, Australia, Middle East, and Far East regions. Our international presence reflects our commitment to quality and reliability.

Our Vision

To be the leading global provider of reliable, innovative cable management solutions that ensure safety, compliance, and operational excellence across all industries.

Comprehensive after-sales support ensures your projects succeed from installation through years of reliable operation.

Partner with CabexIndia for cable accessories that deliver uncompromising quality, certified safety, and lasting performance in even the most challenging environments.
