Common iPhone Screen Issues

Many iPhone users face similar screen-related problems. At **Metro Stop Mobiles (MSM) Hastings**, technicians handle a wide range of issues, including:

1. Cracked or Shattered Screen

Accidental drops are the most common cause of screen damage. Even a small crack can worsen over time, making it essential to visit an **iPhone screen replacement shop Hastings** immediately.

2. Unresponsive Touchscreen

If your screen doesn't respond properly, it could be due to internal damage. Professional repair is required to restore full functionality.

3. Display Issues

Flickering screens, black spots, or lines on the display indicate deeper issues. MSM Hastings uses high-quality parts to ensure crystal-clear display restoration.

4. Water Damage

Exposure to moisture can affect screen performance. A reliable **iPhone screen replacement shop Hastings** can diagnose and fix water-related screen problems efficiently.
